**POLITICAL ACTION COMMITTEE**

## WHAT IS THE MITA PAC?

The MITA Political Action Committee (PAC) is a strong contributor to the overall political voice of Michigan's heavy construction industry. MITA PAC is the most effective tool our industry has to support candidates who will fight in favor of contractors in the Michigan legislature. Your financial support of the MITA PAC gives all of us who care about the future of heavy construction the opportunity to have a strong influence in the political process.

*“Those who choose not to be involved in democracy are doomed to be controlled by those who do.”*  
~ Abraham Lincoln

## WHY DO WE NEED A PAC AND WHY SHOULD I SUPPORT IT?

Our industry is constantly under attack in the Michigan legislature. Not a day goes by when legislators in the Michigan House and Senate aren't proposing a piece of legislation that would boost our workers compensation costs, negatively impact our labor force, raise taxes on personal property or increase business liability. Our ability to provide jobs, while also protecting our bottom line, is profoundly affected by the legislative and regulatory process.

The good news is that Michigan's campaign finance law allows us to band together under the MITA PAC. The MITA PAC gives us the opportunity to find and fund candidates who believe in our businesses and our employees; candidates who truly understand how important a strong, robust infrastructure is to our state. Without your financial support, our level of influence in promoting proper public funding is greatly diminished. In the past, the MITA PAC was one of the largest business PACs in Michigan. Unfortunately, in recent years, our numbers have declined. Only 20% of our members provide 100% of the funds we have raised to support candidates who will fight for all of us. If the 80% of our members who don't participate gave just \$200 each, we would be an incredibly more potent force on behalf of the heavy construction industry.

## WHAT CAN I DO TO MAKE A DIFFERENCE?

MITA PAC needs your financial support to make a positive difference. We are asking every member to step up and contribute today, particularly if they have not done so in recent years. We do not want to continue having only 20% of the membership carry the load of everyone else. Use this great opportunity to have a firm say in the future of the industry.
